DEFENDANT'S AFFIDAVIT

ERIKA WILSON,

Defendant.
-----X

Erika Wilson, being duly sworn, deposes and says:

1. I am the defendant, Erika Wilson, and I live at 3540 Decatur Ave., Apt. 1G, Bronx, NY 10467.
2. I live at this address with my mother, Shemin Wilson, and with my infant child, Rain.
3. I have lived with my mother, Shemin Wilson, at this residence for approximately eleven years and lived with her at the alleged time of service on June 8th, 2023.
4. Neither my mother nor myself were home the afternoon of June 8th, 2023 to grant anyone entry into the building or our unit.
5. I became aware of this action in the end of July 2023 after receiving a notice from the court in the mail. Upon learning about the case, I sought assistance from CAMBA Legal Services who agreed to represent me in this action.

6. The process server describes service by substitute service on Chante Wilson, an alleged co-resident. Chante Wilson is described as a black woman who is exactly 25 years old, between 5'4 – 5'6 inches tall and between 131-160 pounds.
7. Service as described in the process server's affidavit is not possible. I do not know a Chante Wilson and there no one in my family with this name. The process server describes serving Chante Wilson on Thursday, June 8, 2023, at 3:16 P.M. During that time, I was at the hospital with my daughter. My daughter was born on June 6th, 2023. Due to health issues, she needed to be admitted to the neonatal intensive care unit ("NICU") at Mount Sinai West Hospital. I was at the hospital with my daughter until she was released on June 10th, 2023.
8. During my daughter's time in the NICU, my mother, Shemin Wilson, would visit me at the hospital from approximately 10:00A.M. until visiting hours ended at 9:00 P.M. She visited me every day while my daughter was in the NICU. She was with me in the hospital on the afternoon of alleged service.
9. I have also never had anyone in my apartment that matches the description in the process server's affidavit and neither I nor my mother matches that description.
10. Parking near my residence at 3540 Decatur Ave. is very limited. There is only street parking available and typically all these spots are taken.

11. To gain access to my unit, someone must buzz you in, and the arranging of the apartments in the building is not intuitive. For example, I live in apartment 1G, but it is not on the first floor. The apartments on the first floor are labeled starting with an L for lobby. To get to my apartment, you must go up a flight of stairs and locate my apartment.
12. I have not previously requested this relief.

WHEREFORE, I respectfully request that the Court grant any relief that it deems just, equitable and proper.

Ex. C

Shemin Wilson, being duly sworn, deposes and says:

1. I am Shemin Wilson, the defendant, Erika Wilson's, mother. I reside at 100 Decatur Ave., Apt 1G, Bronx, NY 10467.
2. I live at this address with my daughter Erika Wilson, and my granddaughter, Rain.
3. I have lived with my daughter at this residence for approximately eleven years and lived with her at time of the alleged service on June 8, 2023.
4. Neither my daughter nor myself were home on June 8th, 2023 to grant anyone entry into the building or out unit.
5. The process server describes service by substitute service on Chante Wilson, an alleged co-resident. Chante Wilson is described as a black woman who is exactly 25 years old, between 5'4 - 5'6 inches tall and between 131-160 pounds.

6. Service as described in the process server's affidavit is not possible. I do not know a Chante Wilson and there is no one in my family with this name. The process server describes serving Chante Wilson on Thursday, June 8, 2023, at 3:16 P.M. Service as described in the affidavit is not possible. On June 6, 2023 my grandchild, Rain, was born. Due to health issues she needed to be admitted to the neonatal intensive care unit ("NICU") at Mount Sinai West Hospital. She and my daughter were at the hospital for a number of days including on June 8. During that time, I would go to the hospital as soon as possible to be with my daughter, always arriving by 10 A.M. I would stay with my daughter and granddaughter all day. Only leaving when hospital visiting hours were over around 9 P.M.
7. Because my granddaughter was in the NICU, neither my daughter, nor I were home during the time of service and no one was in our apartment.
8. I have also never had anyone in my apartment that matches the description in the process server's affidavit and neither I nor my daughter matches that description.
9. Parking near my residence at 3540 Decatur Ave. is very limited. There is only street parking available and typically all of these spots are taken. I have driven around for over an hour looking for parking.
10. To gain access to my unit, someone must buzz you in, and the arranging of the apartments in the building is not intuitive. For example, I live in apartment 1G, but it is not on the first floor. The apartments on the first floor are labeled starting with an L for lobby. In order to get to my apartment you must go up a flight of

stairs and locate my apartment. This is a source of confusion and often results in me getting delivery orders for the wrong person.

WHEREFORE, I respectfully request that the Court grant any relief that it deems just, equitable and proper.

INDEX NO. 5361/23
AFFIRMATION IN SUPPORT

ERIKA WILSON,
Defendant.

-----X

Matthew Schedler, Esq., an attorney duly licensed to practice law in the state of New York, hereby affirms the following to be true pursuant to C.P.L.R. § 2106 and under the penalties of perjury states that:

1. I am a supervising attorney with CAMBA Legal Services, Inc., attorneys for the Defendant, Erika Wilson. As such, I am fully familiar with the facts and circumstances underlying this proceeding, except as to those matters stated upon information and belief, and as to those matters, I believe them to be true. The basis of my belief is information provided to me by my client and information contained within the court file.
2. The above-captioned action involves an alleged consumer credit transaction.
3. I submit this affirmation in support of Erika Wilson's ("Ms. Wilson") motion to dismiss asking this Court to issue an Order: (i) dismissing the action pursuant to C.P.L.R. § 3211(a)(8) because the Court lacks personal jurisdiction.

PRELIMINARY STATEMENT

4. Ms. Wilson is moving to dismiss the action because service was improper. Service of process was performed by Benjamin Lamb ("Mr. Lamb"), a process server with a long history of improper service. Mr. Lamb's description of service is impossible and is part of a pattern of improper service that spans multiple cases.

5. In the affidavit of service, Mr. Lamb swears that he served Ms. Wilson on June 8, 2023 at her Bronx residence by substitute service on a "Chante Wilson." Chante Wilson does not exist. At the time of service both Ms. Wilson, and her mother – who also resides with her – were at the hospital as Ms. Wilson had given birth two days before and her child was admitted to the neonatal intensive care unit ("NICU"). As a result, no one was at the Wilson's apartment at the time of alleged service.
6. This is not the first instance of improper service by this process server. Mr. Lamb, has a history of falsifying affidavits of service. Mr. Lamb was a key figure in *Sykes v. Mel S. Harris et. al.*, a class action involving an illegal debt collection scheme a part of which was failing to properly serve process. *Sykes v. Mel Harris and Associates, LLC*. *Sykes v. Mel Harris and Assocs., LLC*, 757 F. Supp. 2d 413 (S.D.N.Y. 2010). In *Sykes* it was discovered that Mr. Lamb lied about the service he was supposed to perform and on a number of occasions claimed to be serving multiple individual at the exact same time. *Sykes v. Mel Harris and Associates, LLC*. *Sykes v. Mel Harris and Assocs., LLC*, 285 F.R.D. 279 (S.D.N.Y. 2012). As part of his pattern of improper service, Mr. Lamb would almost always allege that he had performed substitute service. A true copy of the affidavit of Nicholas Echolson detailing Mr. Lamb's attempts at service is attached as Exhibit D.
7. Upon information and belief, Mr. Lamb claims to serve by substitute service because it is harder to verify. If Mr. Lamb claims person service, it can be checked against the actual appearance of the defendant while affix and mail service can be checked against the required GPS records. It is harder to check claims of substitute service, which does not have the same easy and incontrovertible methods of authentication.

8. To this day, Mr. Lamb still claims - in virtually every instance - to have performed substitute service. In preparing for this motion, Ms. Wilson's attorney reviewed 38 cases in which Mr. Lamb performed service. In every case reviewed, Mr. Lamb claimed substitute service with many of the instances occurring at times that would be impossible given the distance between the locations and the time it takes to properly serve process.

FACTS AND PROCEDURAL HISTORY

9. Synchrony Bank commenced this action on May 30, 2023, with the purchase of an index number and the filing of a summons and complaint. A true copy of the summons and complaint is attached as Exhibit A.
10. In the affidavit of service, process server, Benjamin Lamb, (DCA License #2027471), swears to substitute service on June 8, 2023, at 3:16 P.M., upon a person of suitable age and discretion allegedly named "Chante Wilson," at 3540 Decatur Ave., Apt. 1G, Bronx, NY 10467. A true copy of the affidavit of service is attached as Exhibit B.
11. Ms. Wilson has lived at 3540 Decatur Ave., Apt 13G, Bronx, NY 10467 for the last eleven years. Affidavit of Erika Wilson. Ms. Wilson lives with her mother, Shemin Wilson, and her infant child, Rain. *Id*; Affidavit of Shemin Wilson.
12. The affidavit of service describes "Chante Wilson," as an alleged co-resident, who is a black woman, exactly 25 years old, between 5'4 – 5'6 inches tall, and between 131-160 pounds. Exhibit B.
13. Neither Shemin Wilson nor Erika Wilson know a "Chante Wilson" and there is no one in their family with this name. Affidavit of Erika Wilson; Affidavit of Shemin Wilson. Neither Shemin Wilson nor Erika Wilson know of anyone fitting Chante Wilson's description and no one with that description was ever in their apartment. *Id*.

14. At the time of the alleged service, June 8, 2023, at 3:16 P.M., Shemin Wilson and Erika Wilson were both at Mount Sinai West Hospital. *Id.* Ms. Wilson had given birth two days before and Ms. Wilson's newborn daughter had to be admitted to the NICU at Mount Sinai West Hospital. Shemin Wilson visited her daughter and granddaughter in the NICU from approximately 10:00A.M. until visiting hours ended at 9:00P.M. every day between June 6, 2023 and June 10, 2023. *Id.*
15. Ms. Wilson stayed at Mount Sinai West Hospital continuously between June 6, 2023 and June 10, 2023 while her daughter was in the NICU. She returned home with her newborn on June 10, 2023 unaware that she was ever served. Aside from her mother, who was with her in the NICU at the time of alleged service, no one had access to her apartment. *Id.*
16. Ms. Wilson became aware of the lawsuit in late July when she received a notice from the court in the mail. Erika Wilson Affidavit.
17. In August 2023, Ms. Wilson obtained the representation of CAMBA Legal Services, Inc. and filed an Answer to the Complaint on September 18, 2023. A true copy of Ms. Wilson's Answer is attached as Exhibit C. Ms. Wilson's answer includes an affirmative defense of lack of personal jurisdiction. *Id.*
18. Ms. Wilson now makes this motion to dismiss based on the lack of personal jurisdiction.

BENJAMIN LAMB'S HISTORY OF IMPROPER SERVICE

19. Benjamin Lamb, has a long history of purposely failing to properly execute service of process and the improper service in this case is not an isolated incident.
20. Mr. Lamb's history of improper service is highlighted in *Sykes v. Mel Harris and Associates, LLC*. *Sykes v. Mel Harris and Assocs., LLC*, 285 F.R.D. 279 (S.D.N.Y. 2012). *Sykes* was a class action involving illegal debt collection scheme an important of which

was process servers engaging "sewer service" - purposely failing to deliver process - to obtain easy default judgments against individuals who were unaware of the lawsuits lawsuit against them. *Id.* Mr. Lamb, and other process servers, would knowingly fail to complete service and falsify affidavits of service to advance this scheme. For example, the District Court noted that, "[o]n 517 occasions, defendants, Mosquera, Lamb, and Andino, alone, claimed to [sic] have performed service in two or more places at the same time." *Id.* at 284.

21. As a part of the *Sykes* litigation, Nicholas Egelson, an IT consultant and analyst, completed a comprehensive analysis of over 16,000 of Benjamin Lamb's affidavits of service. Exhibit D, Egelson analyzed all service of process performed by the service agency involved in the *Sykes* litigation from January 2007 through January 2011. Exhibit D at 1-2. Egelson found that Benjamin Lamb alleged substitute service in almost every instance, at least 15,000 times, which represented 91.21% of his service attempts. Exhibit D at 25. In comparison, Lamb allegedly only completed personal service 5.31% of the time and only completed nail and mail service and astounding .03% of the time. Exhibit D at 25.
22. By alleging substitute service in almost all cases, Mr. Lamb is able better skirt the rules of service and avoid having his improper service detected. This would not be the case if he alleged personal service as the description of the person server could be verified by the appearance of the defendant. Along the same lines, if Mr. Lamb alleged affix and mail service he would have to make the required GPS recordings, which could easily be verified. By alleging substitute service, Mr. Lamb is able to avoid these detection methods and continue his scheme.

23. The evidence of Mr. Lamb's improper service is not just limited to the type of service he was performing, Egleson also found that Benjamin Lamb outright lied, and claimed to be serving process in two separate locations at the exact same time on sixty six occasions. Exhibit D at 3.
24. The pattern of improper service highlighted in *Sykes* is also present in this case and in Mr. Lamb's recent attempts of service. To gather more information on Mr. Lamb's recent service activity, CAMBA Legal Services pulled thirty-nine affidavits of service from the index numbers surrounding the index number for this action. True copies of these affidavits of service are attached as Exhibit E. Every affidavit of service reviewed by CAMBA is attached to this motion, none has been excluded. As stated above, these affidavits reveal that Mr. Lamb claimed substitute service in all thirty-nine instances with many of those attempts describing service that are not possible.
25. On June 8, 2023, the date of alleged service in this case, for example, Mr. Lamb allegedly completed a substitute service at 640 Adee Ave., Bronx, NY at 2:40 PM. Exhibit E at p. 7. Then, nine minutes later, Mr. Lamb claims to have completed substitute service at 2304 Matthews Ave., Bronx, NY 10476. Exhibit E at p. 8. According to Google Maps, the driving distance between these two locations is least six minutes via car. A true copy of a google maps printout between these locations is attached Exhibit F.
26. To complete service, Mr. Lamb would have had to find parking; park his car; walk to the building; gain access to the building; find the appropriate unit; travel to the unit via stair or elevator; knock on the door; wait for a response; hand over papers to an alleged co-resident; ask the person their name and relationship to the defendant; ask if the defendant was in the military; wait for them to answer; go back down the stairs or elevator; walk out the

building; make a GPS recording of his location; walk back to his car; fill out description of the person and the information concerning service in his logbook; and then repeat that entire process at the next residence. That Mr. Lamb was able to do all of this at two locations that are 6 minutes apart in 9 minutes total is not possible, but we see this pattern repeated throughout his attempts at service.

27. The same thing happened on June 17, 2023. On this day, Mr. Lamb allegedly served two individuals via substitute service in 10 minutes. Exhibit E. At 3:54 P.M. Mr. Lamb allegedly served an individual by substitute service at 4356 Grace Avenue, Bronx, NY 10466. Exhibit E at p. 35. Then, 10 minutes later, Mr. Lamb again performed substitute service at 4:04 P.M. at 3916 Harper Avenue Apt 9 Bronx, NY 10455. Exhibit E at p. 36. In both instances Mr. Lamb swears that he had a conversation with the person served and asked if the defendant was in the military. Service as detailed in the affidavit is still not possible.
28. 4356 Grace Avenue is a 6 minute drive or 28 minute walk from 3916 Harper Avenue. A true copy of a google map printout of the distance between these addresses is attached as Exhibit G. This means that in 10 minutes Mr. Lamb was able to locate the address; turn on his car; drive to the location; find parking; park his car; gather his things; walk to the building; gain access to the building; find the appropriate unit; knock; wait for a response; talk to the person served; make a GPS recording; write down the description of the person served; leave the building; then return to his car; and do it all over at the next address. Exhibit G. This is simply not possible.
29. In addition to the impossible descriptions of service, the thirty-nine affidavits pulled on Ms. Wilson's behalf show that Mr. Lamb never completed personal service on a defendant

and never completed mail and mail service. Exhibit G. In other words, Mr. Lamb knocked on the door of thirty-nine different homes. In none of those instances was no one home and in none of those instances was the defendant he was trying to serve home. Instead, in each of the thirty-nine cases, a 3rd party answered the door, had a conversation about the defendants military service and then accepted service. The pattern does not survive scrutiny.

ARGUMENT

Synchrony's Action Should Be Dismissed Because Ms. Wilson Was Not Served

30. The Court does not have personal jurisdiction over Ms. Wilson because Synchrony did not properly serve the Summons and Complaint. Proper service under C.P.L.R. § 308(2) requires that the process server deliver notice to a person of suitable age at the actual place of dwelling or usual place of abode of the defendant and then mail a copy to the defendant's last known residence. C.P.L.R. § 308(2). Here, the requirement is not satisfied, the person described in the affidavit of service does not exist and service is not possible because everyone who lives in the apartment was at the hospital with Ms. Wilson's newborn.
31. Service of process is necessary for a court to exercise personal jurisdiction over a defendant. *Macchia v. Russo*, 67 N.Y.2d 592, 595 (1986). Proper service of process is a constitutional requirement meant to ensure due process. *Feldstein v. Bergner*, 48 N.Y.2d 234, 241 (1979).
32. Service must be reasonably calculated under the circumstances to give interested parties notice of the suit with adequate time to prepare their defense. *Mullane v. Cent. Hanover Bank & Tr. Co.*, 339 U.S. 306, 314 (1950). The New York Court of Appeals mandates strict compliance with the statutory requirements for service of process to ensure this constitutional mandate is met. *Macchia*, 67 N.Y.2d at 595.

33. Unchallenged, a process server's affidavit of service is typically sufficient to support a finding that service was proper. *Bankers Tr. Co. of California v. Tsoukas*, 303 A.D.2d 343, 343-344 (2d Dep't 2003). However, when there are issues of fact about whether service was properly performed a traverse hearing must be scheduled. *Trovato v. Galaxy Sanitation Servs. of New York, Inc.*, 171 A.D.3d 830, 832 (2d Dep't 2019); *Elliott v. Butler*, 8 N.Y.3d 972, 972-73 (2007); *Steiner v. Steiner*, 81 A.D.2d 725, 725 (2d Dep't 1981).
34. Conversely, when no issues of fact exist concerning improper service, the court may dismiss the action without a traverse hearing. *Mendez v. Rattigan*, 209 A.D.3d 637, 640 (2d Dep't 2022); *Capital Equity Mgt., LLC v. Dema*, 78 Misc.3d 129(A) at *1 (App Term 2023).
35. When the defendant submits unrebutted documentary proof that the person served would not have been in their residence, no traverse hearing is necessary to dismiss the action. *Mendez*, 209 A.D.3d at 640; *Capital Equity Mgt., LLC*, 78 Misc.3d 129(A) at *1.
36. Ms. Wilson has resided at the same residence, 3540 Decatur Ave., for the last eleven years. Erika Wilson Affidavit. The affidavit of service states that he performed substitute service on June 8, 2023, on a "Chante Wilson". Exhibit B. While this address is where Ms. Wilson lives, neither she nor her mother know of anyone named Chante Wilson and no one by that name or matching the description has ever been in the apartment. Erika Wilson Affidavit; Shemim Wilson Affidavit; Exhibit B.
37. On June 8, 2023, Ms. Wilson and her mother were at Mount Sinai West Hospital with Ms. Wilson's daughter in the NICU. *Id.* As no one was present in their residence and neither Ms. Wilson nor her mother has ever heard of Chante Wilson, proper service was not completed. *Id.*

38. By denying proper receipt of service and providing probative facts, sworn testimony, and documentary evidence that substitute service was not properly performed, Ms. Wilson has effectively disputed service. The Court should dismiss the case. Alternatively, the Court should set the matter down for a traverse hearing to determine whether service was proper and whether the Court has personal jurisdiction.

WHEREFORE, we respectfully request, on behalf of Defendant Ms. Wilson, that this Court issue an Order: (i) dismissing the action pursuant to C.P.L.R. § 3211(a)(8) because the Court lacks jurisdiction over the person of the defendant; or (ii) ordering a traverse hearing to determine whether service was proper and personal jurisdiction is had by the court; and, (iii) granting such other relief as the Court deems just and proper.

-AGAINST-

ERIKA N WILSON

PLAINTIFF,

DEFENDANT.

INDEX NUMBER:
S&S FILE NO. G1756067

COMPLAINT

Plaintiff, by its attorneys, complaining of the Defendant(s), respectfully alleges that:

1. Plaintiff is a savings bank organized pursuant to federal law. Plaintiff is a direct creditor and not a debt purchaser, and as such is not required to be licensed by the NYC DWCP.
2. Upon information and belief, the Defendant(s) resides or has an office in the venue in which this action is brought, or the Defendant(s) transacted business within the venue in which this action is brought, either in person or through an agent, and the instant cause of action arose out of said transaction.
3. Based upon a reasonable inquiry, the Statute of Limitations for the causes of action asserted herein has not expired.

FACTS

4. A CareCredit-branded revolving credit account (hereafter the "Account") was opened in Defendant's name, subject to the terms and conditions provided, or made available in electronic format, to the Defendant (the "Agreement"). A copy of the charge-off statement is attached hereto. Plaintiff is the original creditor (as defined in NY CPLR § 105(q-1)) and owner of the Account.
5. Defendant used the Account and incurred a balance. The last four digits of the Account number on the most recent monthly statement recording a purchase transaction, last payment, or balance transfer (the "Last Activity Statement") are 6252, and the balance owed as set forth in the Last Activity Statement was \$5,774.76.
6. Defendant breached the terms of the Agreement by failing to make the agreed-upon payments when due.
7. Demand for payment of the Account was made on Defendant, but Defendant failed to make all the required payments. The Defendant's last payment was made on or about April 19, 2021 in the amount of \$221.00.
8. As a result of Defendant's default, the Plaintiff closed the Account and subsequently charged it off on November 15, 2021 in the amount of \$6,743.15, as reflected in the attached statement.
9. The balance currently due and owing is \$6,743.15, itemized as follows:

| | |
|---|------------|
| Balance due at time of charge-off: | \$6,743.15 |
| Plus total amount of interest accrued since charge-off: | \$0.00 |
| Plus total amount of non-interest charges or fees since charge-off: | \$0.00 |
| Plus total amount of dishonored payments: | \$0.00 |
| Less total amount of payments and/or credits since charge-off: | \$0.00 |

AS AND FOR A FIRST CAUSE OF ACTION

10. Plaintiff repeats and realleges each and every allegation contained in the foregoing paragraphs as if more fully set forth herein.

11. As a result of Defendant's breach of the Agreement, and after crediting Defendant for all payments and credits, there is now due and owing by Defendant to Plaintiff the sum of \$6,743.15, no part of which has been paid despite due demand therefor.

WHEREFORE, Plaintiff demands judgment against Defendant(s) in the amount of \$6,743.15 together with costs and disbursements.

The undersigned attorney hereby certifies that, to the best of his/her knowledge, information, and belief, formed after an inquiry reasonable under the circumstances, the presentation of the within complaint and the contentions therein are not frivolous as defined in part 130-1.1(c) of the rules of the Chief Administrator.

ECF Case
No. 09 Civ. 8486(DC)

**DECLARATION OF
NICHOLAS
EGLESON**

NICHOLAS EGLESON declares under the penalty of perjury, pursuant to 28 U.S.C. § 1746, that the following is true and correct:

1. I am the founder and president of Paladin Consulting and Programming, which provides IT consulting services to New York area health care, social service, and non-profit agencies, and commercial clients. I submit this affidavit in further support of Plaintiffs' Motion for Class Certification.
2. On July 27, 2011, I began analyzing a Microsoft Access database entitled "Process Service Management System," which had been produced earlier that day. I understand

AA-161

that this database is a record of all service of process performed by Samserv for Mel Harris and Associates, LLC, from January 2007 through January 2011.

3. Because I received the entire set of data on July 27, 2011, my analysis at this point is necessarily non-comprehensive. I believe there may be more data indicative of consistent, easily ascertainable trends that I have not yet been able to review.
4. The database contains 123,828 records of service, including 94,123 records of cases filed by Mel Harris in the New York City Civil Court. Of these records, 59,959 concern service of a summons and complaint in cases filed by Mel Harris on behalf of the Leucadia Defendants in New York City Civil Court.
5. For each record of service, the database contains a number of fields, including the name of the process server, his or her employee ID number, the date the process server was assigned to serve process, the method of service, the date and time of service, and, if applicable, the name and a description of the person served. The database also contains payment information for process servers.
6. For method of service, the database specifies the following methods of service: personal service, mail and mail, substitute service, corporate service, and several types of unsuccessful service.¹ In this affidavit I use the term "completed service" to mean instances in which a process server visited an address and effected service. "Attempted service" means instances in which a process server visited an address but did not effect service. "Visits" means all instances in which a process server went to an address,

¹"Unsuccessful service" includes the following categories: nonservice, bad address, moved, new address, not known at address, P.O. Box, no apartment number, deceased, miscellaneous, jurisdiction and "reld-per atty-not serv."

whether or not service was effected. In other words, "visits" equals attempted plus completed services.

7. Six individual process servers (Assist Abdelrahman, John Andino, Benjamin Lamb, Michael Mosquera, Angelo Rivera and James Stevens) accounted for 79% of all service performed by Samserv for Mel Harris in New York City between January 2007 and January 2011. Together, these individuals reported 74,446 services.
8. I was able to isolate several subsets of data by running queries in Microsoft Access, as well as by exporting the data into Microsoft SQL Server and Microsoft Excel.

Impossible and Highly Improbable Reports of Service

9. The data shows multiple instances of the same process server recording two or more services at different addresses at the same hour and minute – a physical impossibility. Twenty-three out of 25 servers who reported serving in New York City logged simultaneous visits at different addresses. Attached as Exhibit A is a table displaying the number of times each process server reported simultaneously being in at least two different locations in New York City at the same time.
10. For example, Defendant Mosquera claimed to be at four different locations on September 17, 2008 at 1 p.m., Defendant Lamb claimed to be in two different locations on November 28, 2007 at 6:59 p.m., and Defendant Andino claimed to be in nine different locations on March 29, 2007 at 4 p.m.
11. Overall, the data shows that Defendant Andino claimed to be in two or more places at the same time on 327 occasions, Defendant Mosquera on 124 occasions, and Defendant Lamb on 66 occasions.

12. Furthermore, in 2,915 instances, a process server claimed to have attempted or completed service *before* the date that the service was assigned to that process server – another physical impossibility.
13. Finally, each of the six most active process servers reported physically impossible travel times.
14. To determine actual travel time, I filtered the relevant data columns by server and date, sorted by time of visit, and ran a comparison with a driving route generated by Google Maps.
15. The data shows several instances where individual process servers reported making 40 to 100 visits in a day in less time than Google Maps estimates is required for the continuous drive time alone. The Google estimates assume a continuous driving route and do not include time for other activities, such as parking a vehicle, entering a building, serving legal papers, or updating a logbook.
16. The data also shows instances where process servers report having served papers in an order that required nonsensical backtracking along the route.
17. Attached as Exhibit B(1) through B(6) are tables displaying examples of simultaneous service, impossible travel times and nonsensical backtracking as reported by the six most active servers.
18. For example, Exhibit B(1) shows that on the morning of October 2, 2008, while serving defendants in Staten Island, Defendant Mosquera reported having completed 10 hours and 24 minutes of travel time in only two hours and five minutes. On that morning alone, Defendant Mosquera consistently backtracked among zip codes, and also reported four instances when he was in two different locations at the exact same time.

19. Exhibit B(2) shows that on December 8, 2007, while serving defendants in the Bronx, Defendant Lamb reported having completed 12 hours and 15 minutes of travel in seven hours and 10 minutes. On that day alone, Defendant Lamb consistently backtracked among zip codes and also reported 10 instances when he was in two different locations at the exact same time.
20. Exhibit B(3) shows that on October 15, 2007, while serving defendants in Brooklyn, process server James Stevens reported making visits almost exclusively within five-minute increments. A particularly odd entry shows that from 6:30 to 6:45 p.m., Mr. Stevens traveled to an address that according to Google Maps would take him 22 minutes, not 15. Mr. Stevens also reported making this same impossible trip in 15 minutes on two other dates for additional service attempts. Also on October 15, 2007, Mr. Stevens reported four instances when he was in two different locations at the exact same time, including one for which he reported simultaneous service attempts at the same two addresses on two other dates.
21. Exhibit B(4) shows that on December 15, 2007, while serving defendants in Brooklyn, process server Angelo Rivera reported having completed eight hours and 48 minutes of travel in six hours and 39 minutes. During that time period, Mr. Rivera reported a travel time of one minute for a distance that according to Google Maps would take 31 minutes to complete. On that day Mr. Rivera backtracked among zip codes repeatedly, and also reported three instances where he was in two different locations at the exact same time.
22. Exhibit B(5) shows that on January 28, 2008, while serving defendants in the Bronx, Defendant Andino reported having completed 16 hours and 57 minutes of travel time in five hours and 36 minutes. During that time period Defendant Andino backtracked

repeatedly among zip codes, and reported 10 instances where he was in two different places at the exact same time.

23. Exhibit B(6) shows that on October 6, 2008, process server Assmat Abdelrahman reported making service attempts in Brooklyn at 16 different addresses in the span of two hours and 23 minutes, despite the fact that the driving time alone among those locations would have taken three hours and 27 minutes. Mr. Abdelrahman reported consistently backtracking among zip codes throughout the day, in one instance claiming a space of one minute between services when the drive would have taken at least 21 minutes. He also reported an instance of being at two different addresses at the exact same time.

Methods and Volume of Service

24. The data shows that a strikingly small number of individuals performed most of the reported service. Six individual process servers (Assmat Abdelrahman, John Andino, Benjamin Lamb, Michael Mosquera, Angelo Rivera and James Stevens) accounted for 79% of all service performed by Samserv for Mel Harris in New York City between January 2007 and January 2011. Together, these individuals reported 74,446 services.
25. The six process servers reported high volumes of service, including hundreds of days on which they claimed to have made more than 40 visits in a single day. See table attached at Exhibit C.
26. The six process servers also reported widely divergent rates of personal, substitute, and nail and mail service. For example, Defendant Mosquera reported personal service in 1% of cases, substitute service in 88% of cases, and nail and mail in 8% of cases. Defendant Lamb reported personal service in 5% of cases, substitute service in 91% of cases, and almost never reported nail and mail service. Meanwhile, Defendant Andino

reported nail and mail service in 80% of cases. See tables and charts attached at Exhibit D.

27. Overall, Samserv process servers in New York City reported effecting personal service in 3.5% of cases, substitute service in 69% of cases, and nail and mail service in 22.4% of cases.

Payment of Process Servers

28. Samserv's database contains information regarding payment rates, including whether or not a process server would be compensated for various service outcomes.

29. The database indicates that individual process servers were to be paid from \$6.50 to \$10 for each completed service, with the majority of the servers to be paid less than \$10 per completed service.

30. The database also indicates that process servers received no payment when they reported that the address was not valid, the defendant had moved, the defendant was at a new address, the defendant was not known at the service address, the service address was a post office box, or the service address lacked an apartment number.

31. In 95% of NYC Civil Court cases, process servers reported an outcome for which they would be paid.
